

Electric Fan Heater

EH0045

(1PH)

Features

- ISIRI Certified 1562 -1, 1562-2-30
- Equipped with three high-efficiency heating elements
- Thermostatic control (adjustable to 40°C)
- High safety Limit control thermostats
- Low noise
- Two stage centrifugal fan
- Special plug power
- Ability to install on the wall or floor and rotate up and down to 15 degrees
- Possibility to use for ventilation only
- Single-phase rotary switch and lamps
- Indoor installation
