

Electric Fan Heater

EH0150

(3PH)

Features

- CE Certified, 801382028494
- High-quality electric element (6 pieces)
- Automatic temperature control
- Automatic fan operation
- Low noise axial fan
- Three-phase rotary switch and lamps
- Easy connection to the power cable
- Rust-resistant frame with epoxy insulation
- Indoor installation
- Ability to install on the wall or floor and rotate up and down to 15 degrees
- Light and easy to carry

Applications

-  Workshop
-  Store
-  Kiosk
-  Villa
-  Parking

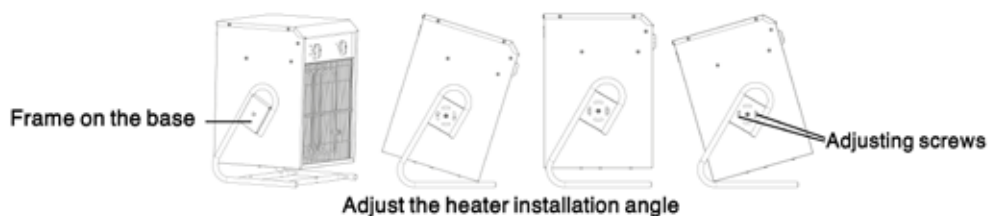

Specification

Model	EH 0045
Fuel type	Electrical
Output Power kW	5 - 10 -15
Air Flow cfm (m ³ /h)	765 (1300)
Heating Space Max (Approx.) m ³	280
Electrical (A-V-PH)	21.7A - 400v - 3PH
dB(A)	55
Thermal class	H
Weight (Net - Gross) (Kg)	19-20
Dimensions (cm) (Height, Length, Witd)	53-42-35

Base Mounted Position

* Maximum ceiling height = 3m

Wall Mounted Position
